

Dear Abu Luayy,

Having read the silly news of confiscating a few plots of land at al Abdali area for "widening the street", I felt the disgusting beating around the bush by Omar al Maani, who seemed to belittle himself by assuming the post of al Hariri agent in Amman, with the objective of taking your buildings by hook or crook for al Hariri project.

Then the letter that was addressed to you by Amman Municipality & your response were distributed by a few of my friends over the Internet, which gave me the chance to read them.

I'm writing to you just to tell you that your challenging letter to those corrupt people was admirably strong and to the point. I don't know how much our passion may help in our corrupt world, but we do support your endeavour not to acquiesce to those thugs with white shirts & black collars.

Best wishes & regards to you & to my good old friend, Bassam Tawfiq.

Bassam Shafiq Abu-Ghazalah
