Every time i pass in front of your buildings, i see this big sign:
www.amaneh.net, and I've always wondered what does it mean! why is it there.. today i decided to check this website and see what is it all about.

The only thing that described the feeling i had while reading the content of this website is ... i was Totally Shocked! .. because I've realized that I've been living a BIG FAT LIE about Jordan, never thought that this can happen in this country.. my country.. Jordan!

I really don't know what to say.. don't know what to feel .. it really hurts to know .. that we are a country of Gangsters!

With all my respect to Talal Abu Ghazaleh Group, and anyone who may read this email ... am not writing this because i am a fan of this group, or running after something from this group... as a matter of fact, once I've applied for a job position to this group, and I've made two interviews and I've succeeded and passed in both of them and the last thing was "you will hear a call from us soon" and still the never did!
but that doesn't mean that i will save any single effort that i can do personally to make the good ones win over the bad once!

Mr. Talal Abu Ghazaleh, i need you to know something, that your group is not alone in this thing ... we are ALL with you ... every single man and woman with a free well, we are behind your back.

One more thing for Ameen Amant Amman ... i have two words for you ... the first is: "Etaki", and the second: "Allah!"
