Notes: Dear Sir,

It drew my attention the unfair conflict between your esteemed organization and Amman Municipality regarding the acquisition of your Abdali buildings, as a concerned Jordanian citizen, allow me to express my gratitude for your standing against injustice, for you are not speaking of your organization only, but for every individual in Jordan.

Thank you for your stand, and please do not hesitate to ask for any kind of support, whether by wearing a wish bracelet that shows our stand, or by gathering us on a protest in front of your buildings on a weekend, or any other mean seems appropriate to you.

I myself is spreading the word between my friends, but then again action is stronger than words...

Again thank you, and we are right here by your side...

On behalf of Jordanian Youth
